**Hon'ble J.C.S. Rawat, J.**

Heard Sri Sanjeev Singh learned counsel for the applicant and learned A.G.A. for the State.

Perused the record. Medical report shows that the complete epihysiceal fusion was seen at lower end of radious and ulna bone of the victim. As per the medical report, the age of the girl is more than 18 years. The learned counsel for the applicant contended that the victim was taken from one place to another place, but she did not make any hue and cry and as such she was also the consenting party. Considering the facts and circumstances of the case, it is a fit case for bail.

Let the applicant-accused be released on bail on executing a personal bond and two sureties each in the like amount to the satisfaction of the C.J.M. concerned.
